Spotlight **The Man Behind The Fresco!**

The beautiful fresco mural adorning our Club building was painted by the very talented Fred Schopf. Fred was born in Klösterle, Vorarlberg in 1935 and is a direct descendant of the renowned 17th, Century Austrian Church painter Joseph Schopf. Fred proudly claims that his mother was the "driving force in the family"; continually encouraging him "to create things." By the age of five Fred made his first woodcarving and by twelve he had carved a wooden crucifix. Fred had earned his diploma as an electrician and radio technician and shortly thereafter in 1953 he immigrated to Canada. Here he met and married his lovely wife Helga. During these earlier years Fred continued pursuing his artistic talents working together with another artist painting churches. From 1960-70 Fred participated in numerous art shows displaying his paintings of landscapes, seascapes and portraits. He furthered his artistic studies in Westport, Connecticut receiving a Certificate of Fine Arts in Painting and at McMaster University for Sculpture. Fred has an incredible gift and talent to create what he visualizes using the appropriate medium for his inspiration. "It comes easy to me", are Fred's words! Such modesty from a man that is highly revered for his artistic accomplishments and creativity for his custom oil paintings, woodcarvings, metal sculptures, frescos and stained glass designs. Fred's commissions have reached destinations from as far away as Australia to Europa and of course in Canada and USA. If one visits Fred and Helga's home it literally breathes and comes alive with his many magnificent art pieces and the many practical creations adorning their home!
